Today was for Melba Lucas, Stan's Mom...all the best to you...today we walked 24.3 miles (39.1936 km's) using 51,650 steps...findings for the day: 1 dog leash (sans dog), 1 putty knife, 1 Marysville Football, Never Satisfied key fob, 1 5/16 drill bit, 1 11mm socket, 1 3/8 socket and 1 nickel...wildlife sightings: several Swainson's hawks, as it turns out these are the "unidentified to me" hawks that I have been seeing and several red-tailed hawks...the weather was very nice, so nice I caught a wee bit of sun on my face...November 2012 is now in the history books...tomorrow we make a serious south turn on route 99...cheers!!!
