

## Walking Day #166...Wednesday, February 27, 2013...logging trucks on the road

After a day off and a rain-delay day back-to-back it was rather nice to get back on the road again.

26.3 miles (42.4194 km's)

51,797 steps

\$0.21 (2 dimes and 1 penny) Aaron C. from Perry will probably want his driver license back. How in the world did it end up on the side of the road???
